Nice to know!

Weather:

November weather in Malta is mild, with daytime temperatures averaging 15°C to 21°C. While it's a pleasant time for sightseeing without the summer crowds, a light jacket is good to have handy. The sea remains warm, with an average temperature of around 21°C. Excellent for a quick post training dip!

What to do?

November's cooler temperatures are perfect for exploring Malta's rich history and stunning landscapes:

- ***Valletta***: Visit the capital city, a UNESCO World Heritage site known for its beautiful Baroque architecture and magnificent St. John's Co-Cathedral.
 - ***Mdina***: Take a trip to the ancient walled city, also known as the "Silent City." Its charming, narrow streets and stunning views from the fortifications offer a glimpse into the past.
 - ***Gozo***: Consider a day trip to Malta's sister island, Gozo, which is easily accessible by ferry and offers a more tranquil, rustic experience.
-

Places close to your stay!

As we hope you will be staying at the official hotel; here are some places we suggest you visit!

- ***Golden Bay & Ġħajn Tuffieħa***: Your hotel is right on Golden Bay, one of Malta's most beautiful beaches. Just a short walk over the hill is the more secluded and scenic Ġħajn Tuffieħa.
- ***Il-Majjistral Nature Park***: Right next to the hotel, this national park offers excellent walking trails with breathtaking coastal views and sunsets.
- ***Popeye Village***: A short drive away, this quirky film set from the 1980s is now a fun-filled attraction.
- ***Mellieħa***: The nearby village of Mellieħa is worth a visit. Its Parish Church is a prominent landmark, and soak in the town's picturesque streets.

We are looking forward to training
with you at our Gasshuku!
